2. Entry fees are stated in the official schedule of the respective competition.
3. The qualifying competition will be held under KNHS rules.
4. The organizer has the right to close entries early if the number of participants is too high. In this case, the registration date will be decisive.
5. The organizer is free to determine under which KNHS article the competition will be held (e.g., Two-Phase class or Table A against the clock).
6. If multiple classes at the same height take place on the same day/weekend, only the first class of that height will count for the *Toverland Jimmy Cup 2025*.

REGULATIONS:

Through two qualifying competitions, the 20 best combinations (rider and pony), with one pony per rider, can qualify for the *Toverland Jimmy Cup 2025*, which will be held on Saturday, November 8, 2025.

If a selected combination cannot participate, or if a rider qualifies with more than one pony, the next rider in the standings will be invited until 20 combinations are reached.

After each competition, provisional rankings will be published on www.jumpingindoormaastricht.com.

After the last qualifying round, the finalists will be announced on the JIM website.

Participants must immediately confirm their starting place (no later than Friday, October 24, 2025) by sending an email with their combination number to: avanenckevort@kpnplanet.nl

Point system:

1st place: 25 points
2nd place: 24 points
3rd place: 23 points, etc.

Combinations that are eliminated or voluntarily withdraw from the course will receive 0 points. This does not apply to elimination or voluntary withdrawal in the jump-off (if the competition is run as Table A with jump-off).

If classes are run as a handicap (in one round), the scoring system described above will remain applicable.

1. The best results, from a maximum of 2 qualifying rounds, of the highest class competed in, count for JIM qualification. (E.g., if a rider competes once at 0.90m and once at 1.00m, the 1.00m results count and the 0.90m results lapse).
2. Per qualifying competition, a combination can only score points once.
3. Results of the highest class entered count toward qualification points. (E.g., if a rider competes at both 0.90m and 1.00m, only 1.00m counts).
4. In case of a tie for 20th place, the result achieved at the qualifying competition in Helden (October 19, 2025) will be decisive.
5. Each participant is personally responsible for registering for the Toverland Jimmy Cup 2025. Closing date: October 24, 2025.

The Toverland Jimmy Cup at Jumping Indoor Maastricht will be run as a handicap. The distribution will be determined after the last qualifying round, based on the number of participants per class. The winner during Jumping Indoor Maastricht will be declared the overall winner of the Toverland Jimmy Cup 2025.
